

## Babysitting – Staff and Parent Declaration

We do not provide a babysitting outside our normal operation hours: However, we understand that parents sometimes ask playgroup staff to babysit for their children and this declaration has been implemented to clarify some points regarding private arrangements between staff and parents. Please refer to our Safeguarding Children Statement.

- The playgroup is not responsible for any private arrangements or agreements that are made: such agreements are between the staff and family. However, we do expect staff members to inform us if they are babysitting or caring for a child that attends the nursery outside of the setting.
- We require the staff member and parent to sign a copy of the declaration, which we will keep on file for the child and staff member.
- We have rigorous recruitment and suitability processes in place to ensure that we employ competent and professional members of staff and uphold our duty to safeguard children whilst on our premises and in the care of our staff. This procedure includes interviews, references, full employment history and DBS checks as well as several other processes. Whilst in our employment all staff are subject to ongoing supervision, observation and assessment to ensure that standards of work and behaviour are maintained in accordance with our policies. We have no control over the conduct of staff outside of their position of employment. Parents should make their own checks as to the suitability of a member of staff for babysitting i.e. DBS check
- We will not take responsibility for any health and safety issues, conduct, grievances or any other claims arising out of the staff member's private arrangements outside of playgroup hours. The member of staff will not be covered by the playgroup's insurance whilst babysitting as a private arrangement.
- Out-of-hours work arrangements must not interfere with the staff member's employment at the playgroup.
- All staff are bound by contract of the Confidentiality Policy and Data Protection Act that they are unable to discuss any issues regarding playgroup, other staff members, parents or other children.
- The playgroup has a duty of care to safeguard all children attending the setting, so if a staff member has some concerns for a child following a private babysitting type arrangement, they need to pass these concerns on to the Safeguarding lead within the setting.
- It will be the staff member's responsibility to ensure they have appropriate insurance, MOT and child restraints or child safety seats if they are transporting them in a car.
